MEMORANDUM FOR THE RECORD

SUBJECT: State Report on Coordination of Anti-Terrorism
Assistance: Conversations With Various Individuals

1. On February 24, 1986, I called Tom Bleha, Legislative Management Officer, Department of State. He had called the Office of Congressional Affairs earlier. (U)

2. Mr. Bleha indicated that the Department had ready for transmission to the House Foreign Affairs Committee (HFAC) and the Senate Foreign Relations Committee (SFRC) the annual report of the Secretary of State under Section 502 of the International Security Development and Cooperation Act of 1985 (the foreign aid authorization act for fiscal year 1986). The report concerns the coordination of anti-terrorism assistance. Mr. Bleha was calling to give the Agency a "heads-up". (U)

3. I asked if the report had been coordinated with the Agency. When he indicated that he wasn't certain, I asked him to hold up transmission until I could confirm that. (U)

4. I then contacted Charles Allen, NIO/CT and he indicated that he had not coordinated on behalf of the Agency. He, however, suggested that I contact [redacted]/DDO. When I contacted [redacted] he indicated that he had coordinated on the report. (C)

5. I then called Mr. Bleha and indicated that he should proceed. (U)

6. Mr. Bleha noted that the foreign affairs committees' staffs, especially HFAC staff, would be quite interested in the report and that it would likely stimulate some effort by them to contact either the Agency and/or the intelligence committees with questions concerning its substance. I agreed that this would be the likely result and said that the Agency would be ready with an appropriate response. (U)
